3	75-2861-10	TAILPIPE
NS	E75N1-2802	AIR INTAKE ASSY
NS		ENGINE MOUNT

- Acorn Welding has many years of experience with round engines. There are advantages to sending us your complete system when an overhaul or repair is required. It will ensure better joint integrity, a stress free system plus the inner cowling will stay cleaner from combustion by-products. With our system there should be no need for repairs between engine changes. We maintain standard factory sizes so new factory parts will fit.
